# INVESTORS!

## WHY BE CONTENT WITH 5%?

Why not follow the example of thousands of retired professional and business men who have doubled—in some instances, more than doubled—their private income by exchanging ordinary investments for a Sun of Canada Annuity?

7%, 10%, 15%, even 20% is the equivalent return on their Capital enjoyed by present Annuity holders of the Sun of Canada. Think what a difference such an increased income—guaranteed for life—would make to your comfort.

The Annuity can be made payable in Sterling, or Canadian or American Currency.

The Sun of Canada is the leading Annuity Office and it offers Investors advantages not obtainable elsewhere. Its government supervised Assets of over £56,000,000 afford perfect security wherever you may live.

Better terms are given to Annuity holders whose health is impaired. All kinds of Annuities are available—Joint Deferred, and Annuities with guaranteed return of Capital.

Why not write, in confidence, giving details of your Investments, and exact date of birth, and we will send you exact figures showing how much greater your income will be if you buy a Sun of Canada Annuity?

## TO TRAVELLERS.

THE best thanks of the Editor will be given to any Traveller who may do him the favour to point out inaccuracies in this Work, or furnish any information which will be useful to Travellers in general—addressed "BRADSHAW HOUSE, 5, SURREY STREET, STRAND, LONDON, W.C.2."

The Editor will also be happy to reply to enquiries having reference to the tables, etc., should difficulties be encountered in using the GUIDE.

### NOTE.

**Sunday Trains.** Continental Trains run the same on Sunday as on week-days.

**Bold Figures**—Thus (24) are placed against Stations where other lines run in, and refer to pages of the Guide where these lines will be found.

**Classes**—"1 cl.," "1 & 2," "1, 2, 3," etc.—at the head of each table refer *only* to the trains running over the line described in the title of the table, and *not* to the trains from or to connecting Stations.

"**Ex. 1,**" "**Ex. 2,**" "**Ex. 3,**" at the head of a train, signify 1st class Express, 1st and 2nd class Express, 1st, 2nd and 3rd class Express. These distinctions are necessary where shewn, the fares by Express trains being higher than those by ordinary trains.

**Trains de Luxe.**—Tickets for the Trains de Luxe, etc., organised by the International Sleeping Car Co., can be obtained from their Office at 20, Cockspur Street, London, S.W.

**For Special Rates,** see page lvii.

**Connections.**—The connections shown in the following pages cannot in all cases be guaranteed, as the Companies reserve the right, when necessary, to discontinue trains without notice. At the change to Summer Time connections are apt to be dislocated, and special enquiry should be made.

**AIR SERVICES, see page xxii.**

# GENERAL INFORMATION FOR CONTINENTAL TRAVELLERS.

For note respecting Sunday Trains, Classes, Trains de Luxe, etc., see previous page.

Intending Passengers should make arrangements beforehand, otherwise disappointment and inconvenience may be experienced owing to the crowded state of the trains. Passengers should also note that trains are liable to be taken off or altered without due notice.

**HOW TO USE THE GUIDE.**—Refer to the A.B.C. Direct Routes (Page lviii). Most places of importance are included in these pages, and no difficulty can be experienced if directions are followed. When the destination is a place of minor importance, the traveller by the aid of the Index, should first find the table in which it appears, then, guided by the names of leading stations on the same line, find the position on the map of the destination; this ascertained, it is only needful to look for the nearest large place to which a route is traced.

The red figures on the map refer to table pages.

### CONTINENTAL TRAINS: COMPOSITION AND ACCOMMODATION.

Trains de Luxe and Sleeping Cars.—Sleeping Cars, complete with linen, toilette and W.C., and Restaurant Cars are attached to all International and most Express trains of importance. Trains de Luxe are composed exclusively of such rolling stock, and admit only 1st class passengers paying a supplementary fare. The Sleeping Cars consist of single and double compartments communicating where necessary. Places must be booked in advance at the offices of the *International Sleeping Car Company*, 20, Cocksspur Street, or at their offices throughout the Continent. Reservations may be made, and tickets issued for the return journey to London on a definite date. Transfer to other dates permitted upon giving forty-eight hours' notice provided accommodation is available, or in case of *force majeure* the accommodation may be definitely cancelled.

All *Trains de Luxe* are indicated as such in the tables. For Supplementary fares of the International Sleeping Car Co., see page lvii.

Children.—Children under three years, sharing the bed of the person accompanying them, travel free, but half tickets must pay the entire supplement even if beds are not available.

Belgium.—“Voitures Salons” and “Voitures Salons Restaurant” on some trains (V.S. and V.S.R. in the Time-tables). The V.S. are reserved for 1st class tickets only, the V.S.R. are available for 2nd class by a supplement above 2nd class fare. Sleeping Cars, 1st and 2nd class, on International Trains.

France.—COULOIR (corridor) carriages with lavatories in principal trains.

COUCHETTES.—Compartments seating six passengers and providing four berths at night. No bedding provided.

LITS COMPLETS.—A sleeping salon for three passengers, adjoining is a Lit Salon of two places communicating and forming five places with bedding complete.

LITS SALONS, LITS TOILETTE OR COUPE LITS.—These carriages vary to some slight extent upon different lines in France, usually they hold three passengers, but in some cases only two. The seats are converted into couches at night. Pillows are provided and in some cases bed-linen.

A supplement in addition to 1st class fare is payable in all cases.

RESERVATION OF SEATS.—Passengers undertaking a long journey should in all cases reserve seats well in advance.

**Continental Trains: Composition and Accommodation—contd.**

**Germany.**—For ordinary trains (Personen or Eilzüge) no supplement other than Einheitssätze (place ticket) is required, but for Schnellzüge, Durchgangszüge (D. trains), Fernschnellzüge (F. D. trains), Express and Luxuszüge (Trains de Luxe) a special supplement is charged. Passengers when booking should ascertain the particular type of train for which the ticket is issued.

Sleeping cars, either of the Sleeping Car Co. (1st class and supplement), the Deutsche Reichsbahn A.G. (1st, 2nd and 3rd class) and Mitropa (1st, 2nd and 3rd class) are on long distance trains. Supplements in all cases.

**Holland.**—For the International Corridor (D.) trains a supplement in addition to the ordinary fare is charged.

**Italy.**—The principal trains are known as "di Lusso" (Luxe), Direttissimi (Express), and Diretti. In the two first, sleeping, restaurant and lavatory accommodation is provided. In all the Diretti trains and in many long distance slow trains a compartment with lavatory accommodation will be found. On certain expresses 1st and 2nd class Sleeping Cars are now provided. Reservation of seats on Express Trains, see page 251.

**Spain.**—Carriages have to be changed at the frontier, the railway gauges of France and Spain being different, the trains however, run alongside each other. First class carriages are now excellent, second class quite comfortable, but express trains are usually composed of first and third class only; third class carriages on express trains are invariably crowded and are unsuitable for British travellers. On all the main lines the trains are composed of corridor carriages, and there is an excellent service of restaurant and sleeping cars.

**Switzerland.**—Trains are mostly 2nd and 3rd class, with 1st, 2nd and 3rd class on International or long-distance trains.

**RESERVATION OF SEATS.**—Seats on the boat trains can be reserved in advance. Apply Continental Enquiry Offices, Victoria Station, and Liverpool Street Station. Seats on French Railways (Garde Place) may also be booked in advance. Apply Continental Offices, Southern Railway, terminal stations, and usual tourist offices.

**RESERVATION OF BERTHS ON CHANNEL STEAMERS.**—Steamer services, private cabins, etc., see next page.

**TICKETS.**—Enquire as to length of validity of return tickets before booking.

Circular Tours are available in most Continental countries. Enquire from any up-to-date tourist agency, or from official agencies in London of various Continental Railways, as below.

Tourist Season Tickets available for various periods are to be obtained for France, Belgium, Switzerland and Italy. Apply as below.

Children's Tickets (*see Special regulations*).—Children up to the age of three travel free on the greater part of the Continent. Local tickets at half fares are issued as follows:—Austria, Belgium, Germany, Holland, four to ten years. France three to seven years (Alsace-Lorraine, three to eight years). Italy, three to eight years. Switzerland, four to twelve years. Children are only entitled to reduced baggage allowance.

**Baggage Registration.**—Holders of through tickets may register their baggage to most places of importance on the Continent (except Spain), and once registered they have no further trouble about it except at places of examination.

Examinations are generally made at the stations nearest the frontier, but Paris baggage is examined at destination, and on some trains de luxe on the train. Baggage registered to the Riviera by the 11 o'clock service, and belonging to passengers not travelling by the Train de Luxe, is examined during the winter (with one or two exceptions) at destination. In summer baggage for Nice and Ventimiglia is examined at destination, for Cannes, Monaco and Mentone at Calais, and for most other Riviera stations at Marseilles.

Other details, too numerous to mention, must be obtained when booking.

**Free Allowance of Baggage.**—66 lbs. (adult) and 44 lbs. (child) for through tickets to France, Belgium and Holland, and to the *frontiers* of Germany, Switzerland and Italy, 56 lbs. (adult), 28 lbs. (child), Denmark, Norway and Sweden.

No free baggage allowance beyond Flushing on Flushing route.

**Registration Fees.**—Charges vary from 1/- upwards according to destination and route.

**Baggage Delivery.**—Arrangements can be made on arrival for the delivery of registered baggage at various large towns and watering places in Belgium.

Baggage can also be collected and delivered in Paris and various French towns. Apply Bureau des Voyages Duchemines, 20, rue de Grandmont, Paris.

**Hand Luggage.**—Hand luggage is examined by the Customs at every frontier. In some instances in the train, but in most cases passengers go through the Customs House.

A reasonable amount of hand luggage is allowed free of charge. In Italy the limit per passenger is kilos 20 (44 lbs.), in Spain, kilos 15 (33 lbs.).

**CUSTOMS REGULATIONS.**

**English.**—Any quantity of the following articles must be declared:—Cameras, field and opera glasses. Optical glass and optical instruments. Wireless valves and other articles liable to key industry duty. Clocks and watches. Cocaine, morphine, heroin and raw or medical opium. Prepared opium. Lace of all descriptions, or embroidery resembling lace, whether forming part of or attached to other articles or not. Matches, playing cards, dried fruits. Musical instruments, gramophones and gramophone records. Plumage, with certain exceptions which include plumage reasonably required as part of the wearing apparel for the personal use of a passenger. Silk and artificial silk in all forms including all articles made with or containing them. Spirits and articles containing spirits, as Eau de Cologne, etc. Sugar goods, saccharin, etc. Tobacco, cigars and cigarettes. As an *ex-gratia* concession passengers are allowed ½-lb. tobacco, including cigars or cigarettes, and ½-pint perfume, cordials, or drinkable spirits. The duty free concession does not apply to registered baggage examined elsewhere than at the port of landing or in the case of unaccompanied baggage.

**Continental.**—No merchandise or new article of wearing apparel is allowed to enter free of duty, and the traveller must be prepared to pay on everything above ½ oz. tobacco, 10 cigars, 20 cigarettes and a small box of matches. ## FOREIGN MONEY—LETTERS OF CREDIT.

Drafts and Letters of Credit Payable in Foreign Money may be had on the principal towns abroad from bankers in London, which are subject to no deduction for exchange or commission; the sums payable being fixed on this side; they only require a foreign bill stamp according to the law of the country where they are made payable.

Circular Notes of small denomination are issued (£10, £20) for the convenience of the traveller by most of the principal London bankers, and form a very safe and convenient kind of Letter of Credit.

Travellers' Cheques.—Issued by Dean & Dawson, Ltd., 7, Blandford Square, N.W.1; See Advt. on front cover. The American Express Co., 6, Haymarket, S.W.; See Advt. p. vii. The Banca Commerciale Italiana (Italian State Tourist Office), 12, Waterloo Place, S.W. See Advt. p. xi; or Thos. Cook & Son, Ludgate Circus, E.C.4. These cheques provide a safe and convenient means of carrying money, they are readily accepted at hotels, shops, restaurants and local agencies all over Europe and are safeguarded against loss if stolen before being cashed by the owner.

## THE METRIC SYSTEM OF WEIGHTS AND MEASURES, WITH ENGLISH EQUIVALENTS.

Linear Measure	{	1 Centimètre =	0.3937 inch.		
		1 METRE =	39.3701 inch = 3.28 feet = 1.093 yard.		
		1 Kilomètre =	1093.6 yards = 0.62137 mile.		
Weight	... {	1 Milligramme	=	0.015 grains troy.	
		1 GRAMME	=	15.43	" "
		1 Kilogramme	=	2.205 lb. avoirdupois.	
		1 Quintal métrique = 100 kilogramme	=	220.5	" "
		1 Tonneau = 1000	"	= 2205	" "

Measure of Capacity ... 1 LITRE = 1.76 pint.

The Metric System of Weights and Measures, with trifling variations of denomination, has been generally adopted throughout the Continent.

In Greece the following weights may be used :—

1 Oke = 280 lbs. avoirdupois.

1 Stater = 44 Oke = 123.2 lbs. avoirdupois.

In Turkey and Rumania the following weights are also used :—

1 Oke = 283 lbs. avoirdupois.

1 Kinta = 44 Oke = 125 lbs. avoirdupois.

## RUSSIAN WEIGHTS AND MEASURES.

Verst = 0.663 mile. 1 Pood = 40 Pound = 36.12 lbs. avoirdupois. Vedro = 27 imperial gallons.

**DISTANCE AND MEASURE TABLES.**

**Kilomètre and Mètre Tables.**

Distances on Continental Railways are generally measured by the *kilomètre* (kilometer chilometro, etc.) of 1,000 mètres. One mètre=1'094 English yard=3'281 feet=39'37 inches=1 1/8th yard nearly. Hence, to convert mètres into yards, add 1/8th, to convert yards into mètres, subtract 1/8th. Hence, again, 10 mètres = 32'81 feet; 100 mètres = 328'1 feet; 1,000 mètres (or kilomètre) = 3,281 feet, or 5 furlongs nearly. Hence, a kilomètre = 1/5th of an English mile; or 5 miles = 8 kilom., nearly; or 10 miles = 16 kilom.

To convert English statute miles into geographical (or sea) miles, subtract 1/8th. One sea mile = 1'15 English mile = 1'85 kilomètre. Hence 100 sea miles = 115 English miles = 185 kilomètres

**Barometer.**—The weather glass and rainfall in France are measured by the *Millimètre* = 1/25th of a Mètre = 0'394 inches = 1/25th of an inch. Thus, 724 Millimètres (mm.) correspond to 28 1/2 inches; 736 1/2 mm. to 29 inches; 749 1/2 mm. to 29 1/2 inches; 762 mm. to 30 inches; 775 mm. to 30 1/2 inches. (See Table above). For comparison, remember that the Mean Temp. of London is 39° in winter, 50 1/2° annual; and the Rainfall, 25 to 26 inches.

**Thermometer Table.**—On the Continent thermometers are frequently graduated by both Centigrade and Reaumur.

**Weights and Measures.**—A penny weighs 1/2 oz., or 10 grammes; a halfpenny, 1/4 oz. A French centime or cent. weighs a gramme; its diameter equals a centimètre; and 100 cents. in a row equal a mètre. 1 Centimètre = 10 Millimètres = 1/10th of an Inch; or 2 1/2 Centimètres = 1 inch. An inch is the diameter of a halfpenny. A penny is 1/8th foot in diameter.
